PM & Vänner starts a gastronomic collaboration with Daniel Berlin Krog

Two of Scandinavia's most renowned and respected restaurants and hotel, Daniel Berlin Krog and PM & Vänner, commence a collaboration under the slogan "Michelin Trail" with the ambition of attracting even more guests and highlight the fact that Österlen and Småland combined makes up for a unique gastronomic destination. After both restaurants once again were awarded stars in this year's THE MICHELIN GUIDE NORDIC COUNTRIES they will now offer a package where you as a guest during two nights can enjoy each restaurant's signature menu and experience first hand their personal and unique setting.

- I have for many years been a huge fan of Daniel Berlin and the destination he has created with his team. We have both been on the biggest stage for a lot of years with different but at the same time different expressions. Daniel Berlin with his wonderful aesthetic a very special place within the Nordic gastronomy and we are very excited about our new collaboration, says Per Bengtsson, Creative Leader, PM & Vänner.

Both PM & Vänner and Daniel Berlin also has unique wine programs. With this collaboration they hope to reach both more national and international guests.
